

Rendsburg, 5. 3. 1959

Augustenburger Str. 2

My dear friend!

I am very happy - I have your letter. At first, I was in the opinion, we have lost us. I got a picture-postcard from you at Firenze and Venezia, but both without your consigner. So, in the meantime, I asked Mr. Toth at Venezia whether he can inform me about your residence at Venezia. But I remained without an advice.

And now, I received your lines from your native - thank you. Thanks for the enclosed views. It was very kind from you and a very good selection. It is one of my greatest wishes to see the "Türkiye Cumhuriyeti" and to study the life and the peculiarity of his inhabitants. To day it is only a wish - like a dream. But I hope with confidence one day it will be to prove true - .

In the meantime I ~~xx~~ hope, you will have got my greats by post-cards from Hamburg and Itzehoe (a little town between Rendsburg and Hamburg). Before 4 weeks at Rendsburg giving a lecture Dr. Sözeri from Istanbul; about the theme: "The Youth of Turkey". Do you know Dr. S. by chance? I am sorry, I couldnt take a conversation because I was absence during this day.-

In your letter, you inform me, that you are married, having a son and a daughter. Therefore I repeat my invitation for your family too. But my request to you:

If you want to spend your holidays in Germany and at Rendsburg, please, inform me in due time. You must know, I get leave of absence for 18 days only. And every year in this time I worked like a guide for a bus-manager. 1954 - 1956 at Belgium, 1957, 1958 and this year at Italy. And I supposed the next year (1960) at Austria or Yugo-Slavia.

This is the bottom to beg you for an information in due time.

You see,

- 1 st: I must propose my holidays at the finance-ministry.
- 2 nd: I must inform the bus-manager that I couldnt work like a guide (He must look round for another)
- 3 rd :I must take care off an employment for you and your family. (You know, now we have 3 chambers, and you

know while it

I was hoping, that we will meet us again at Venezia. But the contents of your letter said me, that for the next time, you will stay at your native. That is very pity, but I supposed, your family is very happy over ~~that~~ that. My words of honour I will think of you, if I visite the "Grotta" again.

- Is it unmannerly to beg you to inform me about the age and ~~xxx~~ schooling of your children? And how do you ~~lives~~ (residence)? I take an interest for your working - day.

In your letter, you inform me, that you are married, having a
