My dear Professor Taqqib,

I was very happy to receive from you a copy of your second volume, which will have an honoured place on my Turkish shelves. It was a kind triumph on your part to send it.

You are often in my thoughts, and I hope very much that you are well, and that your life is full of interest. It was a great disappointment to me that we did not manage to meet when you were last in Western Europe. Is there any chance of your coming here again? I very much hope so, and trust that you will let me know if you are coming, so that we can be sure to meet and renew our friendship.

I do not, unfortunately, see very much chance of my getting to Turkey at the present time. I am however honoured by the news that "Milliyet" are serialising some extracts from my book on "Atatürk".

Yours very sincerely
Patrick Kinross
