Pek aziz dostum Tayyib-bey

Thank you for your kind letter. I sincerely hope that you will attend the XXVth Congress as a representative of one of the numerous learned societies to which you belong.

My young friend Miss Susan Skilliter, librarian at the University library in Cambridge is again in Turkey and I told her to see you. She is staying at the Marmara Hotel.

Chelbi's vol. VII and what would be
the price I want to buy it myself

Bayezid, and Dr. O. Rescher
must know everything
about her movements.

I have just finished
reading Prof. Duda's trans-
lation of (G.G.C.). I am afraid
his German is as difficult
as the Persian original
and he gives no commentary.

Our best salams to
Leman. Hanum and to your
kisses to the children.

Yours sincerely

V. Minorsky
