My dear Tayyib-bey,

It is now nearly two months since your arrival in England and you are probably nearing the completion of the elaborate programme of your combined studies (ailece!).

Unfortunately until now we have not heard anything about the possibility of seeing our good old friends in Cambridge. The weather seems to have improved and we hope that this will encourage you to make the trip and give us the pleasure of welcoming you in Cambridge.

We hope to hear from you soon and in the meantime send our very best regards to Leman hanım and kisses to the children.

Yours very sincerely

N. Minnirsky
